Hello, and thanks for the response.

To clarify, there were two calls. The first call may have been marked as resolved, but it soon became evident that the situation was not resolved, which resulted in the second call.

The officer on scene, Trevor Dobies, called me earlier today (9/7/2021) asking for more information, and mentioned that he would "add it to the report", so it is probable that the report is not yet completed.

When it is, would I stop into the police station (21 Ontario St) to get a copy? Or would there be another means to obtain it?

Thanks.

Hello, I understand I am contacting the Records Clerk at the Canandaigua Police Department.

On Saturday, 9/4/2021, I called the police and requested an officer to be sent to Roseland Waterpark to help with a civil dispute.

I would like to know how I could obtain a copy of the police report that resulted from that interaction.

Thank you,

--

NARRATIVE

Date of Action	Date Written	Officer Name & Rank
09/04/2021	09/08/2021	DOBIES, TREVOR (PO)
Narrative		
On 09/04/2021 at around 1908 hours, I responded to the Roseland Waterpark for a report of a assist the citizen. Upon arrival, I came into contact with the complainant, Joshua Bauer, who stated that his drone crashed inside the waterpark. Bauer explained that he started to fly his drone around 1815 hours to get video footage of the park. According to Bauer, while the drone was in the air, it was knocked off its axis and crashed into a tree. Bauer advised me that he attempted to contact an employee at the waterpark, but refused to assist him. I went on to talk with a maintenance worker and asked him to assist, which he acknowledged. The maintenance worker advised me that he and Bauer would locate the drone and that they did not need my assistance anymore. After I cleared, dispatch advised me that Bauer called in again and stated that the manager, Ryan Fuller, was not allowing him to obtain his drone. I responded back to the waterpark where I made contact with Fuller who was blocking the entrance to the park. In sum and substance, Fuller advised me that since Bauer's drone crashed on their property, the drone belonged to the waterpark. Fuller explained that the park has a strict "no filming" policy, which Bauer violated. Fuller advised me that their insurance carrier for the property prohibits any drones from flying over, which is why he would confiscate the drone and throw it out if it's located. Fuller's reasoning behind throwing out the drone was due to him believing that Bauer could possibly be a sex offender, and that he was attempting to film women/children within the park. After Fuller made this accusation, Bauer attempted to show him his video footage from his phone to show that no one was in the park, but Fuller refused. Fuller advised me that he wanted to trespass Bauer from the property, which I advised Bauer. I attempted to mediate the situation between Fuller and Bauer, but Fuller was adamant that he would not change his mind. I went on to contact the owner of the property, Dan Fuller, the following day regarding the situation. Dan advised me that he spoke with Fuller regarding the situation, and allow Bauer to obtain his drone if it was located. On 09/08/2021 I stopped down at the waterpark and made contact with a different maintenance worker, who escorted me over to the Splash Factory section where Bauer stated the drone crashed. The location where Bauer stated his drone crashed in the tree was about 40 to 50 feet in the air. I attempted to locate the drone in the trees, along with the ground, but was unsuccessful. I advised the maintenance worker that if he or anyone else at the park located the drone, to call the Canandaigua Police Department, which he acknowledged. After searching for the drone, I contacted Bauer and advised him that we were unable to locate his property. I advised Bauer that if anyone from the park locates the drone, they were to call myself or another member of the Canandaigua Police Department, which he acknowledged. Case closed by investigation. BWC utilized.
